

# DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Discover. Learn. Empower.

## WORKSHEET 7

**Student Name:** DIVYANSH

**UID:** 23BCS11778

**Branch:** CSE(3<sup>rd</sup> Year)

**Section/Group:** Krg-1-A

**Semester:** 5<sup>th</sup>

**Date of Performance:** 09/10/25

**Subject Name:** ADBMS

**Subject Code:** 23CSP-333

### 1. AIM:

#### i) Triggers: Student Data Change Monitoring (Medium)

EduSmart Institute wants to monitor all insertions and deletions in the student database. Whenever a new student record is inserted or deleted from the student table, the details of that record should be displayed on the PostgreSQL console window.

##### **Objective:**

Design a PostgreSQL trigger that:

1. Prints the complete details of the inserted or deleted student record using RAISE NOTICE.
2. Activates automatically after every INSERT or DELETE operation on the student table.

#### ii) Triggers: Employee Activity Logging (Hard)

TechSphere Solutions wants to maintain an automatic audit trail for all employee additions and deletions in the company database.

Whenever a new employee is added or removed from the tbl\_employee table, an entry should be recorded in the tbl\_employee\_audit table for tracking purposes.

##### **Objective:**

Design a PostgreSQL trigger that:

1. Inserts a message in tbl\_employee\_audit whenever a new employee is added or deleted.
2. The message should include the employee's name and the current timestamp.
3. Activates automatically after every INSERT or DELETE operation on tbl\_employee.

### 2. Tools Used : PostGres

#### **Solutions:**

Q1)

--CREATING A TABLE

```
CREATE TABLE student (  
    id SERIAL PRIMARY KEY,  
    name VARCHAR(100),  
    age INT,  
    class VARCHAR(50)  
);
```

--TRIGGER FUNCTION

```
CREATE OR REPLACE FUNCTION fn_student_audit()  
RETURNS TRIGGER  
LANGUAGE plpgsql  
AS  
$$ BE  
GIN  
    IF TG_OP = 'INSERT' THEN  
        RAISE NOTICE 'Inserted Row -> ID: %, Name: %, Age: %, Class: %',  
            NEW.id, NEW.name, NEW.age, NEW.class;  
        RETURN NEW;  
  
    ELSIF TG_OP = 'DELETE' THEN  
        RAISE NOTICE 'Deleted Row -> ID: %, Name: %, Age: %, Class: %',  
            OLD.id, OLD.name, OLD.age, OLD.class;  
        RETURN OLD;  
    END IF;  
  
    RETURN NULL;  
END;  
$$;
```

--CREATING A TRIGGER

```
CREATE TRIGGER trg_student_audit  
AFTER INSERT OR DELETE  
ON student  
FOR EACH ROW  
EXECUTE FUNCTION fn_student_audit();
```

Q2)

```
CREATE TABLE tbl_employee  
( emp_id SERIAL PRIMARY  
  KEY,  
  emp_name VARCHAR(100),  
  designation VARCHAR(50),  
  salary NUMERIC(10,2)  
);
```

```
CREATE TABLE tbl_employee_audit
( audit_id SERIAL PRIMARY KEY,
  message TEXT,
  created_at TIMESTAMP DEFAULT CURRENT_TIMESTAMP
);
```

```
CREATE OR REPLACE FUNCTION audit_employee_changes()
RETURNS TRIGGER
LANGUAGE plpgsql
AS
$$ BE
GIN
  IF TG_OP = 'INSERT' THEN
    INSERT INTO tbl_employee_audit(message)
    VALUES ('Employee name ' || NEW.emp_name || ' has been added at ' || NOW());
    RETURN NEW;

  ELSIF TG_OP = 'DELETE' THEN
    INSERT INTO tbl_employee_audit(message)
    VALUES ('Employee name ' || OLD.emp_name || ' has been deleted at ' || NOW());
    RETURN OLD;
  END IF;

  RETURN NULL;
END;
$$;
```

```
CREATE TRIGGER trg_employee_audit
AFTER INSERT OR DELETE
ON tbl_employee
FOR EACH ROW
EXECUTE FUNCTION audit_employee_changes();
```

```
INSERT INTO tbl_employee (emp_name, designation, salary)
VALUES ('Supriya Dutta', 'Software Engineer', 55000);
```

```
SELECT * FROM tbl_employee_audit;
```

```
DELETE FROM tbl_employee WHERE emp_name = 'Supriya Dutta';
```

```
SELECT * FROM tbl_employee_audit;
```

### **3. Output:**

#### **4. Learning Outcomes:**

1. Understand the concept and purpose of database triggers in PostgreSQL.
2. Learn how to automate data tracking using AFTER INSERT and AFTER DELETE triggers.
3. Gain hands-on experience with trigger functions written in PL/pgSQL.
4. Develop the ability to implement audit logging for real-time database monitoring.
5. Enhance skills in maintaining data integrity and traceability in relational databases.
